

Charles Gubser, Ph.D.

Co-Director and Chief Operating Officer of the Institute of Molecular and Clinical Ophthalmology, Basel

Nationality: American

Born: 1971

Charles Gubser joined IOB as Chief Operating Officer in 2023. He was involved in the founding of IOB, and served as the secretary to the Board of Trustees of IOB from its founding until the end of 2022.

Charles holds a PhD from Cambridge University in Biochemistry, having studied RNA and RNA-protein structures using NMR. He has a bachelor's degree from the University of Colorado in chemistry and mathematics.

He has spent the last 20 years at Novartis, serving in project leadership roles in drug development, and in strategy and staff roles in development, vaccines & diagnostics, and as secretary of the Science & Technology Committee of the Novartis Board of Directors.
